Comfort for Life

Daikin is a global leader for indoor comfort, with millions of systems installed throughout the world.

Daikin has been improving the comfort of its customers with exceptional products and services for many generations.

To explore all of our solutions for premium indoor Comfort for Life, visit www.daikincomfort.com.

Elevate your expectations and get more out of your home's indoor comfort system performance

As you think about the functionality of your home's indoor comfort system, the Daikin brand is ready to help you achieve control, energy efficiency and long-term peace of mind. Take that attention to quality one step farther by choosing a Daikin brand energy-efficient air handler or modular blower. We have designed and engineered all of our products to provide years of consistent indoor comfort – delivering you and your family premium *Comfort for Life*.

Bold performance

A Daikin brand air handler or modular blower can help ensure your cooling or heating system provides reliable comfort and efficient performance. Available in sizes to match your new or existing system from 1.5 to 5 tons, select versions also offer energy-saving features like electronic expansion valves and variable-speed ECM blower motors. DVPEC, DVPVC, DVPTC and MBVC models are ComfortNet™ Communicating Systems compatible, and all coil versions are compatible with chlorine-free R-410A refrigerant. For replacement or new construction, a Daikin brand air handler or modular blower will provide efficient comfort to your family for years.

Efficient and dependable air handlers and modular blowers for worry-free comfort

Daikin air handlers and modular blowers for home comfort systems provide an efficient solution for homes that need a quality solution for air delivery. The evaporator coils in the air handlers are all-aluminum, built with thick-walled tubing for durability and cooling performance. Daikin brand coils are compatible with chlorine-free R-410A refrigerant. Energy-saving, variable-speed and multi-speed Electrically Commutated Motors (ECMs) are available (in select models) for sequencing with new or existing systems.

You can count on a Daikin brand air handlers or modular blowers to deliver *Comfort for Life* to your family for years and years.

The Daikin Comfort Promise

Ultimately, the commitment to provide you with *Comfort for Life* is represented and reinforced in the Daikin Comfort Promise.

If, for any reason, the Daikin Comfort Professional has not met your expectations within one year of your equipment or system installation, please contact the installing Daikin Comfort Pro and ask them to honor the Daikin Comfort Promise. The

Daikin Comfort Pro will return to your house to resolve any issues that you have with your installation at no cost to you.

As part of formally maintaining the Daikin Comfort Pro distinction, the Daikin Comfort Pro will make all reasonable efforts to resolve any concerns you have within one year of your equipment installation. If a Daikin Comfort Professional does not meet your expectations, they risk losing the ability to sell Daikin products.

With the Daikin Comfort Promise, you can have peace of mind that your Daikin Comfort Professional will continue to earn your business well after the sale. If not, they cannot be a Daikin Certified Professional. Period.

■ COMFORT-ENHANCING FEATURES:

- 1 **All-Aluminum Coil** – with special grooved tubing provides efficient cooling and durability for long-lasting comfort (DVPEC, DVPVC and DVPTC models).
- 2 **Factory-Mounted Electronic (EEV) or Thermostatic Expansion Valve (TXV)** – simplifies installation and precisely controls refrigerant flow for efficient cooling (DVPEC, DVPVC and DVPTC models).
- 3 **Variable Speed Electrically Commutated Motors (ECM)** – provide gradual startup and shutdown for unobtrusive operation with lower energy consumption (compared to standard efficiency motors). Constant low-speed operation for outstanding filtration and comfort levels.
- 4 **ComfortNet™ Control Compatibility** – allows the use of convenient, specially-designed LCD thermostats, with option for wireless system access, providing setting changes and system monitoring via an internet connection.

COMFORTABLE LIMITED WARRANTY* PROTECTION

*Complete Warranty Details available from your local dealer or at www.daikincomfort.com. To receive the 12-year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

Comfort Efficiency

The air handlers with evaporator coils are compatible with outdoor air conditioners or heat pump systems rated up to 23 SEER (single or two-speed) and will provide you with quiet, dependable, energy-efficient comfort for years to come.

"I'm a Daikin Comfort Pro"

Those five simple words can offer you comfort like you've never experienced. The words mean that the dealer you invited into your home is a highly-qualified and continuously-trained professional who will quickly, efficiently and effectively help to solve any of your indoor comfort needs.

All Daikin Comfort Pro dealers seek to achieve the highest levels of customer service, business integrity, and technical competency. These range from maintaining an excellent rating with their local Better Business Bureau (BBB) to taking continuing education classes on how best to install and service Daikin brand products. To retain this status, Daikin Comfort Pros must deliver their best abilities to each and every customer, year after year.

A commitment to your comfort

Daikin Comfort Pros believe that a well-informed homeowner is the best possible customer. All Comfort Pros will take the time to help understand your unique comfort needs, assess the performance of your current indoor comfort system, and thoroughly discuss all options with you.

A commitment to provide you the right service and products

Daikin Comfort Pros have access to one of the most complete lines of indoor comfort products and systems available. As a leading manufacturer of indoor comfort systems and refrigerants in the world, Daikin offers you a full line of comfort solutions that ensures that a Daikin Comfort Pro can provide the perfect solution to your home.

A commitment to serve you over the long term

Daikin Comfort Pros want to earn your business. They want to be your long-term provider for all your indoor comfort needs. To help deliver on this commitment, you can take peace of mind with the limited warranty* coverage offered on your Daikin brand indoor comfort product or system. The Daikin Comfort Pro has access to one of the best limited warranty* programs in the indoor comfort industry.

*Complete warranty details available from your local dealer or at www.daikincomfort.com. To receive the 12-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration not required in California or Quebec.

ABOUT DAIKIN

Daikin Industries, Ltd. (DIL) is a global Fortune 1000 company, which celebrated its 90th anniversary in May 2014. The company is recognized as one of the largest HVAC (Heating, Ventilating, Air Conditioning) manufacturers in the world. DIL is primarily engaged in developing indoor comfort products, systems, and refrigeration products for residential, commercial, and industrial applications. Its consistent success is derived, in part, from a focus on innovative, energy-efficient, and premium quality indoor climate and comfort management solutions.

Expert reviews from our most important critics

Daikin offers a wide selection of choices for energy-efficient indoor comfort. As a worldwide leader in air conditioning and heating technology, Daikin is also a highly-rated brand. See for yourself at www.daikincomfort.com/reviews.
